Summary

B.Tech CSE (Data Science) student at ABES Engineering College with hands-on experience in full-stack web development (HTML, CSS, JavaScript, React.js, Next.js, Node.js, Firebase, MySQL) and data science tools (TensorFlow.js, Chart.js). Passionate about developing AI-powered and data-driven solutions in domains like diet prediction, health tracking, and canteen management. Dedicated to building scalable, intelligent, and user-centric web applications that merge analytics with modern design.

Education

ABES Engineering College , Ghaziabad, Uttar Pradesh	<i>Aug 2023 – Aug 2027</i>
B.Tech in Computer Science and Engineering (Data Science)	
Saraswati Shishu Mandir Sr. Sec. School , Gorakhpur, Uttar Pradesh	<i>Apr 2019 – May 2022</i>
Class 10 & 12 (Schooling)	

Projects

Diet Prediction and Visualization System	<i>Next.js, TensorFlow.js, Chart.js, CSS, File System</i>
---	---

- Developed an AI-powered platform providing personalized diet plans and visual insights.
- Integrated TensorFlow.js for prediction models and Chart.js for interactive visualization.
- Used file-based (.txt) storage for local data handling with responsive CSS UI.

Canteen Management System (Hackathon 2024)	<i>HTML, CSS, JavaScript, Firebase</i>
---	--

- Built a digital platform for food ordering, inventory tracking, and token-based order processing.
- Improved operational efficiency and user experience for students and staff.

Health Tracking System (Hackathon 2024)	<i>HTML, CSS, JavaScript, Firebase</i>
--	--

- Designed dashboards for daily activity tracking and fitness progress visualization.
- Focused on usability and performance through optimized Firebase integration.

Health Blog Platform	<i>Next.js, Node.js, Tailwind CSS</i>
-----------------------------	---------------------------------------

- Created a platform for users to post, read, like, and comment on health-related blogs.
- Implemented authentication, comment system, and responsive layout.

Technical Skills

Languages: Java, JavaScript, Python

Web Technologies: HTML, CSS, React.js, Next.js, Node.js, Firebase

Databases: MySQL

Data Science: TensorFlow.js, scikit-learn, Chart.js, Data Visualization

Tools: Git, GitHub, VS Code

Additional Information

Memberships: Ex-Member, Entrepreneurship Cell (E-Cell), ABES Engineering College

Languages: English, Hindi

Interests: Data Analytics, Machine Learning, Full Stack Development, Open Source Collaboration
